CHAIRMAN,
PUBLIC RELATIONS AND COMPLAINT COMMITTEE,
ACCRA METROPOLITAN ASSEMBLY.

Dear Sir

COMPLAINT

INCESSANT NOISE POLLUTION IN ADABRAKA OFFICIAL TOWN

I humbly write this letter to draw your attention on the incessant noise pollution in my community Adabraka official town in Accra. This noise is as a result of the springing up of countless drinking spots and pastors preaching with loud speakers.

During the day, you see pastors with speakers making so much noise in the vicinity and at night just when we retire to bed after a hard day's work, only to be awoken by the loud music from these drinking spots.

Most of these spots exceed the required limit, hence making the whole vicinity noisy.

I therefore humbly request the PRCC to look into this matter with urgency by coming to Adabraka to assess the situation at hand and to sanction all those found guilty.

Yours faithfully

.....
