

**ACCRA
METROPOLITAN
ASSEMBLY**

REF: AMA.01/90/01/03

**PRESS
RELEASE**

Fri. 17th April, 2026

NATIONAL SANITATION DAY APRIL 2026 EDITION SLATED FOR TOMORROW, WITH STRICT ENFORCEMENT

The Accra Metropolitan Assembly (AMA) wishes to inform the general public that the April 2026 edition of the National Sanitation Day clean-up exercise will be held tomorrow, Saturday, April 18, from 6:00 a.m. until work is done, in selected parts of the Accra Metropolis.

The exercise forms part of the Assembly's continued efforts to improve environmental sanitation, protect public health, and promote collective responsibility for keeping the city clean.

The focal areas for the exercise are Agbogbloshie, the Central Business District (CBD), Guggisberg Avenue, Tuesday Market, Chorkor, Kaneshie, Kwame Nkrumah Interchange and their environs.

Activities to be carried out during the exercise will include the sweeping of streets, clearing of road curbs, removal of unauthorised banners, and general cleaning of public spaces.

The Assembly wishes to emphasise that enforcement will be a key component of the exercise and urged residents, traders, transport operators, shop owners and all persons within the affected areas to participate fully in the clean-up to avoid sanctions or prosecution for sanitation-related offences.

Assembly Members are expected to lead clean-up exercises in their respective electoral areas to ensure effective coordination and encourage active community participation.

The Assembly is, therefore, calling on all residents and stakeholders to come out in their numbers tomorrow morning to support the exercise and demonstrate a shared commitment to building a cleaner, healthier, and more orderly Accra.

The AMA further appealed to the public to always uphold proper waste disposal practices, noting that sustained environmental cleanliness is critical to preventing disease outbreaks, preserving public spaces and improving the image of the national capital.

SIGNED.

**GILBERT NII ANKRAH
